

## ADDITIONAL RESOURCES AND SUPPORT

### Coronavirus Safety in Girl Scouts

The health and safety of our members is always Girl Scouts' highest priority. Recognize that COVID-19 health and safety guidance will continue to evolve as the risk of coronavirus transmission changes over time.

Being prepared to adjust for changes in coronavirus risk and the federal, state, and local protocols concerning pandemic safety is something we will all need to continue to manage carefully and factor into plans as appropriate.

Recognize that state and local rules concerning coronavirus safety will vary from place to place. Safety regulations will also change as the risk of transmission changes. Be sure to stay current on what is required in your region but also consider that troop members may reside in different areas with different sets of safety parameters to abide by.
