

Awesome Animation

Hey Brownies...

Do you like to watch cartoons, puppets and Claymation and ever wonder how they were made?

- Animations are pictures that have the illusion of **motion**.
- Learn how to go from a script to a storyboard and make it come alive!
- Lots of hands on activities!!

Several women animators from Dreamworks will be on hand to share their experiences. They have worked on many of your favorite animations including *Shrek* and *Shrek Tale*.

Come join the fun!
