

# IMAGINE YOUR FUTURE IN STEM

## @ Cal Poly Pomona

### Senior and Ambassador Girl Scouts

High school girls can “Imagine their Future” in STEM-related fields. This all day program will provide girls the opportunity to participate in various hands on activities, ranging from computer science, extracting DNA, oil spill clean up and much more! Imagine getting to work alongside real women scientists and engineers like the Society of Women Engineers from Cal Poly Pomona! Girls will get to discover, connect, and explore science, made fun by sharing experiences with future women engineers. Throughout the day, the girls will have all kinds of opportunities to explore various careers in STEM, ranging from how to be a food scientist to a systems engineer.

**February 25, 2012**

**10:00 am to 4:00 pm**

**\$5 per girl**

*Lunch will be provided*

**Cal Poly Pomona Campus**

3801 W Temple Ave

Pomona CA 91768
