

Miscellaneous Activities

Includes:

- Arts, crafts, and STEM
- Land sports
- Laser tag
- Parades and large gatherings
- Segway – tier 1

Council Approval: May be required, see specific activity

Activities Permitted: See grade level chart

About the Miscellaneous Activities

Arts, Crafts, and STEM. Not required - From crafting and the arts to STEM projects, girls create, develop, and engage in a variety of projects. The activities are broad and varied and can include painting, pottery, beading, sewing, astronomy exploration, and engineering design and investigation—to name just a few.

Land Sports. Not required - Depending on location, these sports can be played year-round or during a specific time of year, indoors or outdoors. The category is intended to include all land sports, including soccer, basketball, flag football, softball, hockey, basketball, tennis, and more.

Laser Tag. Not required - This popular activity usually takes place at an indoor venue but can be done outdoors as well. This tag game is played by using laser guns with infrared beams. Laser tag vests or other types of specific clothing may be used and, if so, are available at the facility. This is a fun and exciting way to learn team work and good sportsmanship as well as healthy camaraderie!

Parades and Large Gatherings. Not required - These are excellent opportunities to “suit up and show up” in and for girl communities. When participating in parades, events, or other large gatherings it is important to represent Girl Scouts in the best possible way, doing what makes the most sense for the occasion.

Segway. Required/High Risk Tier 1 - A Segway is a personal transportation device that has become very popular in tourist areas. It's an automated standing cart-like machine with two wheels and a steering bar. Not quite driving, but close to it, Segway is recommended for older girls.

Skateboards. Not required- Skateboarding is a land activity in which a person can ride in a standing or crouching position using a variety of boards and wheels (depending on the style) and propelling themselves by occasionally pushing one foot against the ground.

Skating. Not required - Both ice and roller skating can be enjoyed in both indoor and outdoor rinks. Ice skating can take place on a frozen lake, but only if the lake has been tested and verified for ice safety and there are regular organized and approved skating sessions taking place.
