

Inviting Girls to Participate Online

On the first day of the program, copy the message below and email it to all of the parents/guardians of the girls in your troop (you can send it via your personal email provider or through M2OS' messaging system):

"It's time to kick off our troop's Fall Product Program. It's easier than ever to participate online. To get started, go to www.qsnutsandmag.com/gsgla and follow the simple instructions.

- **Girls create their very own avatar and can earn a personalized patch with their avatar and their name (or their camp name).**
- **Send emails to friends and family and share on social media to ask for support.**
- **Supporters can pay with a credit card (magazines and nut products) and the troop earns money for activities.**
- **Participating takes as little as 10 minutes and the girls will have so much fun. Thanks in advance for helping our troop!"**
