

Troop M2OS Set-up

- The system automatically sends the TFPC an email that provides a link to get the troop started and enables password set up. Check your spam folder if you don't receive the email.
- Once logged in, you can manage your troop's sales through the dashboard. This dashboard provides a snapshot of the participation and sales for the entire troop. If you manage more than one troop, you will be able to select the troop you want to view.
- Girls registered by September 19 will be automatically uploaded. If a girl is not in the system, her parent can add her.
