What if another troop is in our spot when we arrive?

Print out a copy of your Booth Sales Report as confirmation of your reservation and bring it with you. The troop with the printed confirmation has the permission to be at the site. Adults should settle disputes courteously and model good behavior for girls.

GSGLA reserves the right to make changes to the Cookie Program which includes boothing. We will follow guidelines for the health and safety of girls/guardians, volunteers, and staff as required by federal, state, and local agencies.
