## CampDoc.com

To collect health history and medical care information GSGLA uses CampDoc.com, a secure, encrypted, and password protected electronic health record system for camps. You must complete your CampDoc.com health history by the Thursday before your camper's session.

If you are a new camper with us, you should receive an email directly from campdoc.com within two weeks of registering for camp to login and create a profile for your camper.

If you are a returning camper, you should already have login credentials. You can log in at anytime after registering for camp sessions to update your information. CampDoc will also email you reminders until your camper's profile is at 100%

**Trusted Contacts:** To pick up your camper, **ANY and ALL caregivers (including the primary, account-holding caregiver)** must be listed in the Trusted Contacts section of your CampDoc profile. All Trusted Contacts must either have a picture uploaded to CampDoc or bring a valid for of picture ID when picking up or else we **will not** release the camper. Trusted Contacts can be updated or added at any time.

## COVID Procedure

As you know, COVID-19 regulations, rules, guidelines, etc. are constantly changing and keeping us on our toes! We cannot express how much we appreciate your patience and understanding as we continue to understand and implement the information we are receiving.

With that, we did want to share out our general camp guidelines surrounding COVID for you and your family to review before coming to camp!

If you would like to know our full COVID Guidelines, you can read through our [GSGLA Camp Field Guide with COVID-19 Procedure](#) as well as our [Communicable Disease Plan](#)

1. Do not send your child to camp is she is feeling sick! Now more than ever, this is so important--we will be strictly enforcing this rule. If anyone has a 100.4 degree fever or higher, they will be sent home
2. Should your child report any symptoms synonymous with feeling sick, she will be isolated from other campers and sent home to be monitored
3. Masks are not required when outdoors, however campers may choose to wear a mask
4. We will be limiting the number of shared supplies and equipment
5. We will have daily disinfecting performed throughout the summer as well as additional traditional cleaning measures
6. Every Monday we will have all campers submit a Health Pre-screening via CampDoc (see below)

The screenshot displays the CampDoc interface for a user named Devin Niebrugge. On the left, a navigation menu includes 'Prescreening', 'Health Profile', 'Custom Labels', and 'Trusted Contacts'. The main profile area shows 'Devin Niebrugge' with a 'Prescreening' link highlighted by a red arrow. Below this are sections for 'Health Profile' (0% complete), 'Custom Labels', and 'Trusted Contacts'. On the right, the 'GSGLA CAMP MONDAY PRESCREENING' form is visible, containing several questions with 'Yes' and 'No' response options. The questions include: 'In the last 72 hours, has the camper observed any symptoms of COVID-19?', 'Please select all COVID-19 symptoms you're experiencing at this time', 'Have you travelled internationally in the past 14 days?', and 'In the last 14 days, have you been in close contact with a person who has been diagnosed with or quarantined because of COVID-19?'. There is also a section for uploading a negative COVID-19 test result.

## What to Bring to Camp

**PPE:** Campers may choose to bring their own mask to camp each day. Due to the nature of the camp we recommend bringing an extra mask (as they frequently get lost) and personal hand sanitizer. We will have extra handwashing stations and hand sanitizer available for campers to use throughout the day, as well as a few extra masks if necessary.

**Clothing:** We are an outdoor camp, please dress in shirts with sleeves to help protect your camper from sunlight. Hats are encouraged to help keep sun off your face but not required. **We will be getting wet at least once a week with waterplay**, so please have girls bring their bathing suit and bring a towel for those days. Some weeks also have themed dress-up days—please be on the lookout for e-communications about these special days. All clothes will be getting dirty, so please take that into account.

**Shoes:** Closed-toed & heeled shoes must be worn by *all* participants every day. **Closed-toe water shoes are required** for campers who wish to do **waterplay**.

**Sunscreen:** We will be in the sun for multiple hours and will be at risk for skin damage. We have designated times throughout the day for sunscreen application. Girls must be able to apply sunscreen on their own, counselors are not expected to assist.

**Lunch:** Campers are responsible for bringing their **own lunch from home**. We will be providing two light snacks throughout the day.

**Water:** Please bring a **reusable water bottle** to stay hydrated throughout the day (and to help the environment!)

**Smart Devices:** Camp is a technology-limited zone. We ask that all cell phones and smart watches be left at home, but if absolutely necessary, they must be put away for the day and only brought out for emergency purposes. This is in an effort to promote camaraderie and full participation in the camp activities. This includes using cell phones as cameras, so please bring a separate camera if your camper would like to document all the fun.

**Valuables:** Please have your camper leave anything of sentimental value at home! This includes (but is not limited to) family heirlooms, favorite accessories, and stuffed animals.

## Daily Schedule

**Below is a SAMPLE camp clock.** We normally adhere to this schedule throughout the week, but we remain malleable and flexible day-by-day—that’s the nature of camp! Drop-offs before 8:30am and pick-ups after 4:15pm will be charged for before/after care services respectively.
