

Calling All Troops!

Computer Science: Think Like a Programmer Journey Impact Study

Girl Scouts of the USA has teamed up with the Girl Scouts of Greater Los Angeles to assess the impact of the **6-12 Computer Science: Think Like a Programmer Journey**.

We need troops (Cadette, Senior, Ambassador and multi-level troops) to complete the **6-12 Computer Science: Think Like a Programmer Journey** and leader and girl post-surveys.

No STEM or Computer Science experience necessary!!

Why participate? Your girls will...

- ☆ Complete a new STEM Journey.
- ☆ Receive, at no cost, the Computer Science: Think Like a Programmer Journey and Take Action patches.
- ☆ Earn a \$25 Amazon gift card for their troop to support troop-related program expenses.

What's Involved:

Each troop will be required to complete the **6-12 Computer Science: Think Like a Programmer Journey (3 computer science activity meetings and a Take Action project)** between October 1, 2018 and May 1, 2019 and complete the required leader and girl post-surveys.

Troop Participation Requirements:

Program Activities	Research Activities
Obtain materials from VTK.	Have each girl complete a post-program feedback survey.
- Review program materials, gather any needed supplies and prepare to do activities. - Complete the Journey (3 computer science activity meetings & Take Action project)	Complete a leader post-program feedback survey.
