Commitment to Excellence

We pursue excellence and constantly strive to improve. We focus on our goals and work with energy and purpose. We are creative and innovative in our work. We have high standards and show personal determination in reaching them.

Shared Accountability

We achieve success when everyone invested in the mission comes together and shares in the responsibility for that success. We take responsibility to establish clear expectations and do what we say we will do. We demonstrate care and concern, problem solving, and flexibility in our interactions. We work as one team, seeking to understand and support each other.
