Daisies and Brownies

Marine Landing Boating Adventures

At Marine Landing, it's all about fun in the sun and in the water. Join us every Saturday and Sunday on our private beach, equipped with certified lifeguards, boating equipment, and good vibes! Our team has put together a 3-hour boating adventure for all ages, and up to 25 boaters. Choose between a morning or afternoon boating adventure and enjoy the Marine Landing boat house when you're not on the water.

Date: *Select weekends throughout September and October*

Location: *Marine Landing Program Center*

Focus: *Outdoors*

Inglewood Innovation Labs

Using resources and technology, girls at every level explore their favorite STEAM –Science, Technology, Engineering, Art, and Math – activities with their troop at the Inglewood Innovation Center! Take tinkering to another level with tools and materials that inspire creativity and craftiness. Conquer computer science by writing code for a new game or learning to stay safe online. Ramp up robotics skills and go from novice to competitor. You decide! Plan and book a self-guided session for your troop in one of three labs where girls can explore a variety of topics and complete hands-on projects.

Date: *1st & 3rd Wednesdays, 2nd & 4th Tuesdays, Every Thursday*

Location: *Inglewood Innovation Center*

Focus: *STEAM*

El Ranchito Adventure Days

Brownies

At El Ranchito, it's all about taking risks and trying new things! Join us every Saturday and Sunday and choose between a morning or afternoon session where your group will participate in archery, the rock wall, and good times outdoors! Our team has put together a 3-hour outdoor adventure for brownies and up, and up to 15 participants.

Date: *Select weekends throughout September, October, and November*

Location: *El Ranchito Program Center*

Focus: *Outdoors*

La Casita Adventure Days

Brownies

At La Casita, it's all about connecting with nature and reaching new heights! Join us every Saturday and Sunday and choose between a morning or afternoon session where your group will participate in archery and high ropes or a guided hike! Our team has put together a 3-hour outdoor adventure for juniors and up, and up to 15 participants.

Date: *Select weekends throughout September, October, and November*

Location: *La Casita Program Center*

Focus: *Outdoors*

(Afternoon Session) STEAM Innovation Labs

SOLD OUT!

Using resources and technology, Girl Scouts at every level explore their favorite STEAM –Science, Technology, Engineering, Art, and Math – activities with their troop at the Inglewood Innovation Center! Take tinkering to another level with tools and materials that inspire creativity and craftiness. Conquer computer science by writing code for a new game or learning to stay safe online. Ramp up robotics skills and go from novice to competitor. You decide! Plan and book a self-guided session for your troop in one of three labs where participants can explore a variety of topics and complete hands-on projects.

Date: *Saturday, September 9, 2023*

Location: *Inglewood Innovation Center*

Focus: *STEAM*

Rocket Whiz

SOLD OUT!

3...2...1...Blast off! The sky is the limit when you experience rocketry firsthand! Build and decorate your own model rocket on the first day with your fellow Girl Scouts. Launch your model rocket the next day! Program registration includes all materials and supplies to build, decorate, and launch a rocket. A rocketry fun patch is included, too.

Date: *Saturday, September 23, 2023, & Sunday, September 24, 2023*

Location: *Upland Service Center and Santa Fe Dam Recreation Area*

Focus: *STEAM*

Good Energy Patch Program

SOLD OUT!

SOLV Energy is proud to partner with Girl Scouts to introduce the first of a five-part patch program to promote STEM education for youth. This program promotes sustainability through simple, educational activities and focuses on the Solar Energy patch in the series. You are an engineer testing the solar power potential of one of the world's smallest solar cars! The goal is to create an obstacle course with hills, bumps, and turns to test the limits of your car. Learn about some of the career opportunities within the solar and renewable energy industry from SOLV Energy employees.

Date: *Saturday, September 30, 2023*

Location: *Inglewood Innovation Center*

Focus: *STEAM*

Daisies and Brownies

My Place in Space

SOLD OUT!

Northrop Grumman sponsors an out-of-this-world event of fun and exploration at the Inglewood Innovation Center! Explore the night sky, discover the wonders of astronomy, and earn your Space Science badge by completing hands-on activities. Be a space scientist as you learn about the earth's movement, create moon craters, craft a star wheel and constellation finder, test your engineering skills, and meet a space professional. Badge and lunch are provided. The countdown begins...3...2...1 and lift off!

Date: Saturday, October 7, 2023

Location: Inglewood Innovation Center

Focus: STEAM

(Morning Session) STEAM Innovation Labs

SOLD OUT!

Using resources and technology, Girl Scouts at every level explore their favorite STEAM –Science, Technology, Engineering, Art, and Math – activities with their troop at the Inglewood Innovation Center! Take tinkering to another level with tools and materials that inspire creativity and craftiness. Conquer computer science by writing code for a new game or learning to stay safe online. Location: Inglewood Innovation Center

Focus: STEAM

(Daisy & Brownie) Digital Leaders

Become a digital leader in real life and online! Tablets, laptops, and phones are all devices you probably use every day, but did you know they track what you do in the cyber world? Learn about the digital footprint you leave behind on the internet. Identify the information you can share with the public and what should remain private. Then, examine digital clues to determine what is true and what is not. Does the information come from a reliable source? Be a change maker when you create digital content that helps others to stay safe online. Earn your Digital Leadership badge.

Date: Saturday, October 14, 2023

Location: Canoga Park Community Center

Focus: STEAM

Turn Your Spoils to Soil

Discover how to make magic with food scraps. Special guests from Grades of Green will teach you about the browns and greens as you learn how to turn your food scraps into nutrient-rich soil that's perfect for growing healthy, tasty, and wonderful food. Find out the benefits of composting and how you can do your part to reduce food waste that ends up in landfills. Then, create and take home your very own composting jar. Participation in this event includes a composting fun patch.

Date: Saturday, October 28, 2023

Location: Montrose Outdoor Program Center

Focus: STEAM

STEM Career Exploration Day

Imagine the world in the future. What will new buildings look like? How will technology change smartphones and other devices? How will YOU change the world? Whatever your future holds, a career in STEM will help you shape the world for the better! Join students and professionals from the Society of Women Engineers at the University of Southern California to explore careers that make a difference! Complete hands-on activities to earn the STEM Career Exploration badge and learn about jobs in engineering, science, health and wellness, and more. Lunch for all registrants and a badge for each Girl Scout included.

Date: Saturday, November 11, 2023

Location: University of Southern California

Focus: STEAM

Red Cross Babysitter's Basics Training

This American Red Cross self-paced, online training provides Girl Scouts with the skills necessary to safely give care to younger children. Topics include how to provide care for infants and children, how to stay safe, what to do in an emergency, how to choose age-appropriate activities, and how to recognize and handle a variety of behaviors. At the end of the training, Cadette, Senior, and Ambassador girls will be prepared to start their first babysitting business. Babysitting certification is valid for two years.

Date: *Thursday, September 14-28, 2023*

Location: *Virtual-Self-Paced*

Focus: *Life Skills*

Red Cross Cat and Dog First Aid Training

Cadettes

Red Cross Cat and Dog First Aid Training

This American Red Cross online training provides Girl Scouts with the skills necessary to safely give first aid care for their cats and dogs. At the end of the training, girls and adults will learn the first aid care for your cat or dog, such as understanding your pet's vital signs, how to assist your pet in breathing and cardiac emergencies, wounds and bleeding, and more.

Date: *September 14-28, 2023*

Location: *Virtual-Self-Paced*

Focus: *Life Skills*

Robotics Badge Day

SOLD OUT!

Join our award-winning, all-Girl Scout, FIRST Tech Challenge robotics teams - Rock 'N Roll Robots & Javabots in a fun-filled badge day with everything you love about robots! Learn all about robots including how they work, what parts make one up, and how to code one. Then, experience the power of programming by trying out drive mode or Block Drive while using the Sphero BOLT, an advanced, round, coding ball. Participation in this event includes your Programming Robots and Designing Robots badges.

Date: *Saturday, September 16, 2023*

Location: *Montrose Outdoor Program Center*

Hackathon - Coding Fun

Cadettes

Join members of the Hack Club for an adventure and carve out your very own space on the internet. You have only one goal for the day: to code one project (a website, app, or anything you want) with friends you meet. With workshops, games, and guidance from experienced coders, it'll be a fun day of coding!

Date: Saturday, November 4, 2023

Location: Inglewood Innovation Center

Focus: STEAM

Drone Design Challenge

SOLD OUT!

Cadettes

Drone Design Challenge

Build a drone out of DC motors, propellers, batteries, and more with the members of the American Society of Mechanical Engineers (ASME) of UCLA. Explore the principles of electricity and aerodynamics, the functionality of motors, and equations of motion to understand design factors that you should consider. Observe how weight affects a drone's speed by testing out how much it can carry. The goal is to design a drone that can carry 0.5 lbs. for at least 5 seconds. Discover the variety of careers in engineering from ASME members. Girl Scouts will earn a STEM Fun Patch.

Date: Saturday, November 11, 2023

Location: Inglewood Innovation Center

Focus: STEAM

STEM Career Exploration Day

Juniors

Imagine the world in the future. What will new buildings look like? How will technology change smartphones and other devices? How will YOU change the world? Whatever your future holds, a career in STEM will help you shape the world for the better! Join students and professionals from the Society of Women Engineers at the University of Southern California to explore careers that make a difference! Complete hands-on activities to earn the STEM Career Exploration badge and learn about jobs in engineering, science, health and wellness, and more. Lunch for all registrants and a badge for each Girl Scout included.

Red Cross Babysitter's Basics Training

This American Red Cross self-paced, online training provides Girl Scouts with the skills necessary to safely give care to younger children. Topics include how to provide care for infants and children, how to stay safe, what to do in an emergency, how to choose age-appropriate activities, and how to recognize and handle a variety of behaviors. At the end of the training, Cadette, Senior, and Ambassador girls will be prepared to start their first babysitting business. Babysitting certification is valid for two years.

Date: *Thursday, September 14-28, 2023*

Location: *Virtual-Self-Paced*

Focus: *Life Skills*

Red Cross Cat and Dog First Aid Training

Red Cross Cat and Dog First Aid Training
This American Red Cross online training provides Girl Scouts with the skills necessary to safely give first aid care for their cats and dogs. At the end of the training, girls and adults will learn the first aid care for your cat or dog, such as understanding your pet's vital signs, how to assist your pet in breathing and cardiac emergencies, wounds and bleeding, and more.

Date: *September 14-28, 2023*

Location: *Virtual-Self-Paced*

Focus: *Life Skills*

Good Energy Patch Program

SOLV Energy is proud to partner with Girl Scouts to introduce the first of a five-part patch program to promote STEM education for youth. This program promotes sustainability through simple, educational activities and focuses on the Solar Energy patch in the series. You are an engineer testing the solar power potential of one of the world's smallest solar cars! The goal is to create an obstacle course with hills, bumps, and turns to test the limits of your car. Learn about some of the career opportunities within the solar and renewable energy industry from SOLV Energy employees.

Adults & Troop Leaders

Virtual Indoor Overnight Training

Learn the planning steps for an indoor overnight activity with your troop. Take this class 6-8 weeks before you attend your first indoor overnight activity. This class is the first step in progression for outdoor camping and/or travel. This training will allow you to take a troop on an indoor overnight experience where girls sleep in an indoor structure (i.e. a cabin, community center, home, third-party hosted site, etc.). This includes overnights where food is provided or the troop cooks in a conventional kitchen. Training will also include planning, budgeting, and safety information.

Prerequisites: Indoor Overnight Prerequisites course in gsLearn.

Date: Monday, November 6, 2023

Location: Virtual

Focus: Adult Training & Life Skills

STEM Career Exploration Day

Imagine the world in the future. What will new buildings look like? How will technology change smartphones and other devices? How will YOU change the world? Whatever your future holds, a career in STEM will help you shape the world for the better! Join students and professionals from the Society of Women Engineers at the University of Southern California to explore careers that make a difference! Complete hands-on activities to earn the STEM Career Exploration badge and learn about jobs in engineering, science, health and wellness, and more. Lunch for all registrants and a badge for each Girl Scout included.

Date: Saturday, November 11, 2023

Location: University of Southern California

Focus: STEAM

Backpacking Training, Part 2

Ready to take your experienced hikers on a more advanced trip? Expert trainers will teach adults the essentials of helping Girl Scouts venture into remote wilderness areas, carrying all camping gear on their backs. This is the next step in progression after several long day hikes, with the intent of spending one or more nights outdoors, away from urban areas. The trip will be led by volunteer GSGLA Adult Educators who are experienced backpackers and trained in Wilderness and Remote First Aid (WRFA). This is an actual overnight backpacking trip to a backcountry destination, where you will practice skills needed for leading a trip with your troop.

Date: Saturday, November 11-12, 2023

Location: Point Mugu State Park

Focus: Adult Training

Virtual Gold Award Workshop

During this virtual workshop girls will be guided through the requirements for a Gold-worthy project, selecting a project, and ensuring the measurability and sustainability of the project. The workshop further covers the online GoGold submittal process, the interview process, and tips for successful project execution. Girls attending the workshop should be within three months of completing their prerequisites and should be planning to submit their Gold Award proposal within a year of taking the webinar. Leaders, advisors, and parents are encouraged to attend.

Location: Virtual

Focus: Volunteer Experience

Virtual Silver Award Workshop

Join us for a virtual workshop where you'll discover what's necessary to create an amazing Silver Award Take Action project. Learn how to identify a community need and how to address that need by sharing their skills and passions to help make the world a better place! This workshop is not required to complete your Silver Award; however, it is beneficial as it covers important topics like the steps to earn the Silver Award and submit the final report. This virtual workshop is for Cadette Girl Scouts, their parents, and their leaders.

Destinations Travel Program Info Session

Calling all older Girl Scouts! Have you heard of Girl Scouts Destinations? They're the ultimate travel adventure for Cadettes, Seniors, and Ambassadors, and the perfect way to switch it up and explore after being stuck inside for so long! Join us for an informational session to learn more about the Destinations travel program and hear directly from a young alum Girl Scout on how her travel experiences made a positive impact on her life. With more than 15 trips to choose from, you're sure to find one that sparks your interest and launches you into an unforgettable experience.

Red Cross Cat and Dog First Aid Training

Red Cross Cat and Dog First Aid Training

This American Red Cross online training provides Girl Scouts with the skills necessary to safely give first aid care for their cats and dogs. At the end of the training, girls and adults will learn the first aid care for your cat or dog, such as understanding your pet's vital signs, how to assist your pet in breathing and cardiac emergencies, wounds and bleeding, and more.

(Morning Session) STEAM Innovation Labs

Using resources and technology, Girl Scouts at every level explore their favorite STEAM –Science, Technology, Engineering, Art, and Math – activities with their troop at the Inglewood Innovation Center! Take tinkering to another level with tools and materials that inspire creativity and craftiness. Conquer computer science by writing code for a new game or learning to stay safe online. Ramp up robotics skills and go from novice to competitor. You decide! Plan and book a self-guided session for your troop in one of three labs where participants can explore a variety of topics and complete hands-on projects.
